 - PBS** Public Bikeshare
 - DBS** Dockless Bikeshare

- Continents
- O.** Oceania
 - A.** Africa
 - S.** South America

- Studied Transit Modes
- F.** Ferry

Lecture

In Europe, most case studies focus on the combination of **personal bicycles with trains**. In Asia, the association between bike-sharing and the subway is more frequently observed. In North America, the electric scooter in free-floating is a major point of interest.
